GSAP, Swiper.js

Experience

Junior Web Developer

Pittie Group, Mumbai | 2025 – Present

- Developed and maintained 8+ responsive websites using HTML, CSS, JavaScript, React.js, WordPress, Bootstrap, and PHP, ensuring cross-device compatibility.
- Developed and maintained custom WordPress websites, resulting in a 35% increase in user engagement.
- Optimized SEO and performance, reducing page load time by 40% and increasing organic traffic by 30%.
- Delivered 10+ pixel-perfect UI implementations from Figma designs and improved website stability by reducing UI issues by 25%.

Web Developer

Right Door, Dubai | 2024 – 2025

- Developed 2 client-based WordPress websites with fully responsive layouts using HTML, CSS, JavaScript, and WordPress.
- Created custom themes and optimized performance & SEO to improve website speed and visibility.
- Collaborated with the agency team on live projects, handling client revisions, UI updates, and deployments.

FEATURED PROJECT

1. HirePilot – AI-Powered Job Preparation Platform (MERN Stack)

Developed a full-stack AI-powered interview preparation platform that helps users practice technical interviews, generate AI-driven question, and receive AI-powered interview feedback and personalized improvement suggestions. Built secure authentication, RESTful APIs, and an interactive React-based interface with scalable MongoDB architecture to deliver a seamless user experience.

Skills: MongoDB, Express.js, React.js, Node.js, JWT Authentication & Token Blacklisting, REST API, AI Integration

Link: <https://hire-pilot-eight.vercel.app/>

2. Expense Tracker (ExpensePro) – MERN Stack

Developed a full-stack expense management application with secure authentication and real-time financial tracking. Implemented RESTful APIs, structured MongoDB database design, and dynamic dashboard updates to enhance user experience and scalability.

Skills: MongoDB, Express.js, React.js, Node.js, Authentication, REST API

Link: <https://expensepro-l71r.onrender.com/>

3. MERN Todo Application

Built a full-stack task management system with complete CRUD functionality and REST API integration. Designed a responsive UI with efficient state management and optimized backend performance.

Skills: MongoDB, Express.js, React.js, Node.js, REST API, Responsive Design

Link: <https://mearn-todo-list-1.onrender.com/>

4. Pittie Consumer Website

Developed a modern and responsive corporate website showcasing multiple brands and product portfolios with a clean and interactive user interface.

Skills: HTML, CSS, JavaScript, Swiper.js, Responsive Design

Link: <https://pittieconsumer.com>

5. GTA 6 (React UI Project)

Developed a dynamic and responsive React.js website featuring interactive UI components and smooth animations for an engaging user experience.

Skills: React.js, HTML, CSS, JavaScript, GSAP, Responsive Design

Link: <https://gta6alpha.netlify.app/>

6. Solomon People Solutions (WordPress)

Designed and implemented a professional business website with improved performance, responsive layouts, and optimized user experience.

Skills: WordPress
